MEMORABLE MEMORIES

In spite of the war situation internationally & along the LOC, in spite of the slowdown in the Indian as well as world economy, in spite of severe financial crunch, in spite what ever is happening in the world, સુરતી never miss celebrating the festivals with pomp & pleasure. With the festival season started from Navratri onwards, which means Diwali is not far off, the mood amongst the people is joyous & festive. How can our club remain lonesome at this point of time? Infact the celebrations ball had started rolling even before the Navratri started. I would not like to elaborate much on this celebration, but the same type of mood also prevailed in the Navratri/ Sharad Pornima celebrations.

When you think of Navratri celebrations, instantly your feet start tapping & that's exactly what the club members with family did. All clad in traditional rural dressing, danced their way through mid-night on 30th Oct Tuesday. The venue, the ground, and the aroma that is very important for such celebrations were the most ideal. The organizing & management part was very well planned & executed by the Bhardwaj Family. I can use this term "સોને પર સુહાગા" for the ideal venue & the perfect organizing to express my appreciation for the evening. Many many hearty thanks to Bhardwaj Family for the lovely celebration of the season. We hope you form this wonderful habit for always.

How can I also miss mentioning our beloved President Rtn Jugal Kishor Shinglot. His contribution was tremendous in making this a grand evening for the Riversiders. His arrangements for music, sweets {Ghari} & food were very well suited for the celebrations & dance.

The most important people to have made this celebration a success were the ones dancing, participating. If all were to be good spectators, what would have happened to the celebrations & dance. Who would have won the best dance prizes then? So many many thanks to the participants, who not worrying about the style or the foot moment of the garba, did make a big difference behind the success of the function. As you all know, Navratri is dedicated to Goddess Ambika. The garba started with offering aarti to the

almighty Goddess. Everyone religiously offered prayers & began the Garba dance. Many fashionable steps like the 'દોધવુ, દસવુ, ચાર તાલો, etc were performed. with a lot of latkas & jatkas. The children were the most graceful & untiring dancers. We also had a lady judge Mrs.Bela Shah, who kept track of the best dancer of the evening. She declared the prizes as under;

Best child dancer under 10 years--- Miss Saloni Dalal

Best child dancer above 10 years----Miss Diana Martin

Best female dancer---- Ann Jayshree Dalal

Best male dancer---- Rtn. Mukund jariwala

Best Couple dancers---Ann Rashika Bhardwaj & PP Rtn Sunil Dsouza

A memorable evening, an evening that our President will never forget to have had in his term. **If one goes deep in to reasoning our management & organizing capability & success rate, the logic lies in the average age of our club members. The average age I suppose will be about 33/34 years & between our members there is not much age difference, which results in not much difference of opinion amongst us. Hence our decisions are very well accepted and there lies the key to successful Rotarians of Riverside. This is not the case with other clubs & hence the outcome not as expected. So my personal suggestion for new membership growth would be to pull in members between age group of 30 & 40. The other reason for successful Riverside Family is also the annes of the club, who have never thought that they are not the members of the club. This attitude has strengthened the club. Normally in other clubs, the annes come only for dinner or to accompany the husband. The Rotarians & annes that we have in our club, I would say are the most ideal couples to have as good friends. *Congratulations Riverside Rotarians.***

Sardarji's Encyclopedia.....

☉Sardarji is buying a TV. "Do you have color TVs?" Sure "" Give me a green one please."

☉Sardarji calls Air India. "How long does it take to fly to Amritsar?" "Just a sec," says the rep. "Thank you." says the Sardarji and hangs up.

☉EMPLOYMENT..Our Sardarji was filling up an application form for a job. He promptly filled the columns titled NAME, AGE, and ADDRESS etc. Then he came to the column "Salary Expected". He was not sure as to what to be filled there. After much thought he wrote: Yes

☉A sardar goes into a store and sees a shiny object. He asks the clerk, "What is that shiny object?" The clerk replies, "That is a thermos flask." The sardar then asks, "What does it do?" The clerk responds, "It keeps hot things hot and it keeps cold things cold." The sardar says, "I'll take it!" The next day, he walks into work with his new thermos. His sardar boss sees him and asks, "What is that shiny object with you?" He said, "It's a thermos flask." The boss then says, "What does it do?" He replies, "It keeps hot things hot and cold things cold." The boss said, "Wow, what do you have in it?" The sardar replies, "Two cups of coffee and a coke."

☉A Sardar took an answering machine home and fixed it home somewhere in Punjab, but two days later disconnected it because he was getting complaints like "Saala phone utha ke bolta hai ghar pe nahin hai"

☉What will a Sardarji do after taking photocopies? He will compare it with the original for mistakes!!

☉ What will a sardarji do if he wants an additional white sheet of paper? (He already has one and he wants one more .)He takes a photocopy of the white paper!!!

☉Once there was a meeting of all the Sardar freedom fighters. They were planning for free Punjab. Santa Singh raised a point, "Oh, we'll get Punjab from India but how would we develop it?" That was a difficult question indeed. Suddenly Banta Singh replied, "No problem! We'll attack USA, it would take over us and then we would be a state of USA and we'll automatically get developed." All the sardars became happy on this very simple solution but an old sardar did not utter a single word. Someone asked him why he wasn't happy. The sardar replied, "OH! THAT'S ALRIGHT BUT WHAT WOULD HAPPEN IF BY CHANCE WE TAKE OVER USA?????"

☉Why did 18 sardarjis go to a movie? Because below 18 was not allowed.

☉How do you measure a Sardar's intelligence? Stick a tire pressure gauge in his ear.

☉What do you do when a Sardar throws a hand grenade at you? Pull the pin and throw it back.

☉How do you make a Sardar laugh on Saturday? Tell him a joke on Wednesday.

☉What is the Sardar doing when he holds his hands tightly over his ears? Trying to hold on to a thought.

☉Why do Sardars work seven days a week? So you don't have to re-train them on Monday.

☉Why can't Sardars make ice cubes? They always forget the recipe.

☉How did the Sardar try to kill the bird? He threw it off a cliff.

Sardarji's Encyclopedia will be continued next week.....
