Memories of Last Meeting

How well do you know your President Rtn Jugal, or say Rtn Anand or PP Rtn Sunil or Rtn Amrish, Amit, Stanley, Vaishali and all the other Rotary friends in our club who have shared quite a few years in Rotary working together with you? Uhhh! Are you sure you know them well? Well I don't think so, but if you had attended the last meeting I am sure you would have known them so closely.

We all know our Rotary friends in our club & no one is a stranger to each other, but frankly speaking we were sort of strangers until the last meeting and all the members present in the meeting will agree with me. This meeting "**Know Your Rotarian**" was one of its kind & not worth missing or participating in. All the Rotarians present in the meeting introduced themselves one by one. The introduction was pretty frank. They opened their hearts in & out and very frankly revealed the inner secrets of their life. What was surprisingly found common & observed amongst most of the Rotarians was their love life. All the Rotarians had in some way or the other a very romantic, eventful & out of the world story to reveal of their love life before their marriage. No unsuccessful ones but. Another thing observed was that many of the Rotarians have a strong belief in destiny. The horoscope, numerology and other future predicting sciences either guide them. Most of our Rotarian friends have not had an easy life & have had to work hard to come to a stage where they are at the moment. There have been tremendous uphill & downhill for them in their lives. But all of them sound very positive & responsive towards their family, their profession /business & towards mankind. Servicing mankind through Rotary has become a part & parcel of their life from now on & that is the oath that they take & those are the principals they follow. There was a very sensitive & intimate feeling of belonging to each other in Rotary that was seen in the meeting. I feel pretty sad for the members who missed out on this meeting

From The Desk Of The Editor....

Our president on Tuesday gave me a letter from the Governor Rtn Nilax Mufti, appreciating the club bulletin & the effort put in it. It is of course a matter of great pride for the club & for me for such appreciation from the Governor in his own writing. But frankly speaking the appreciation & inspiration received from you club members has meant more then anything to me & I wish to thank you all from my heart. I also wish to thank Ann Hycinth who reassures that the bulletin is all right before it is released each time. I also don't want to miss thanking my friend Hetal who helps me in the computer designing of the bulletin.
