Last Meeting : 27th Jan. '04.

Last Meeting was an **Open House** capably brought to life by P. P. *Mukund Jariwala*, President *Ajay Bhardwaj* welcomed everyone to the meeting and to participate. Rtn. *Rajat* started with the 4-way test. The topic of discussion was the good points and the short falls of the city of Surat and its people. Everyone was active in the discussion, good points like the Literacy Rate and the easy going and food loving people were really appreciated. Everyone has heard stories of people sitting on their roofs during the frequent floods and enjoying Bhoosu and Farsan. But this easy going life also has its drawbacks in that people lack sincerity in their work. Also one point gravely lacking in the surtis is culture, people are lacking in polish and dignity, the qualities one can see in other cities like B'bay, A'bad, Pune, Bangalore etc. Surat people are so much ahead in Industry & Business but more ethics, sincerity; can help make Surat one of the leading cities of India.

The meeting enjoyed by all started with a wonderful and delicious dinner - thanks to Ann. *Priti Pandya*.

Rotary Month : February

February is designed as World Understanding Month. This month was chosen because it includes the birthday of Rotary International, February 23. During the month, Rotary clubs are urged to present programs which promote international understanding and goodwill, as well as launch World Community Service projects in other parts of the world.

Glen W. Kinross

87th President of Rotary International (1997-98)

The business of Rotary is the business people... Rotary's best service will be given, not by providing community faculties and public conveniences, but by keeping in the currency of people's minds the problems which need to be addressed and the ways that those problems might be solved.

Through the Four Avenues of Service, every Rotarian, every club, every district can touch and transform the lives of human being in distant place and continents apart. In so doing, Rotarians have followed the injunction: "Do not follow where the path may lead, go instead where there is no path and leave a trail."

The whole future of Rotary International is determined by the quality and effectiveness of its member clubs.

Address to 1998 International Assembly
