Cover Story

BLOOD DONATION

CD Pachchigar College of Homoeopathic Medicine [Udhna Magdalla road, Surat] had organized a Blood Donation Camp on 29th December 2006 from 9:00 am to 2:00 pm. It was to celebrate the 75th birth day of its founder Principal and Chairman of Trust Shri Dr. Dashrathbhai Pachchigar.

It was a morning full of zeal and enthusiasm amongst the staff and students of college. Everyone was ready to donate blood for this noble cause to give life to someone needy. Some sad faces were also seen for being unable to donate for some medical reasons. Ex-students and parents of students also participated in camp.

Rotary Surat River side also became a party to this wonderful event and played active role. Rtn Sanjay Pandya, Rtn Dr. Kuldeep Desai, Rtn. Amit Adhiya, Rtn. Dr. Akshay Banker were joined by our own ex-Rotarian Anand Kangriwala.

We could collect 201 bottles of blood and even had to say no to some donors as the target was achieved.

Before that our club enjoyed a fellowship on Tuesday the 26th of December at our regular venue.

-Report by Rtn. Dr. Akshay Banker

Riversiders at the blood camp

FAQ - THE ROTARY FOUNDATION

Can one draft be sent for contribution by many in remitting to TRF Delhi?

Please note that one receipt only will be issued for one draft. Hence there is a possibility of many contributors becoming ineligible for Income Tax expenditure (U/S 80G). If a club wishes to forward a consolidated contribution, but needs receipt in the name of many of the contributors, it is recommended that they send individual drafts and the recognition forms duly filled up.

Can a person, who is not a member of the project Rotary Club be nominated as the project contact?

While there is no prohibition on that account, it is strongly recommended that a member of the project Rotary Club be the project contact.

Should partnering clubs / districts have a minimum cash contribution of US\$ 100?

Yes

When does this commence?

The US\$ 100 minimum from the host club starts on July1, 2006

Will the sponsoring clubs / districts, outside the project country also have to contribute a minimum of US\$ 100 in cash?

From 2006 July, at least US\$100 will have to come from the host partner.

If the sponsor's money from both countries is in the form of DDF, will it still be necessary for the sponsoring clubs / districts to give a minimum cash contribution of US\$ 100?

The minimum contribution of US\$ 100 of the host partner can come from either DDF or a cash contribution.

RI President Bill Boyd's January Message

Dear fellow Rotarians,

When we are asked, what is Rotary? it can sometimes be difficult to give a quick and easy answer. Rotary is about so many things: friendship and fellowship, international understanding and cooperation, vocational ethics and community leadership. All these values brought us to Rotary, and all are reasons why we stay.

But first and foremost, Rotary is about service and putting Service Above Self. Rotary was founded for fellowship, but it quickly grew into an organization where people who wanted to serve others came together to do it – better, more effectively, and more enjoyably than they could have alone. We're members of our clubs so we can work through them to help others. That is why we're Rotarians. That is why we're here.

The four Avenues of Service are, and always will be, central to Rotary's work. They help us find balance in our choice of projects and aid us in achieving the Object of Rotary. Through Club Service, Vocational Service, Community Service, and International Service, we strive to uphold this ideal. Every project we carry out – every playground we refurbish, every well we help dig, every adult we teach to read, every child we immunize against polio — makes the world we all live in a bit better, a bit healthier, a bit happier. And it demonstrates to others that in the long term, we do not succeed professionally despite our commitment to doing what is right — we succeed because of it.

Everything we do in Rotary supports the Object of Rotary. When we work to strengthen The Rotary Foundation, we're building greater resources to support our service. When we work to increase membership, we're doing it so we'll have more hands to carry out our projects. Although some things in Rotary, like the Object of Rotary and the four Avenues of Service, do not change, our organization has evolved over the decades to find better and more efficient ways of meeting our goals. The Club Leadership Plan is one such tool. In it, we have an effective road map for organizing our clubs and allowing each one to work to its full potential, in every one of the four Avenues of Service.

By simplifying our club leadership structure, we free more of our time, energy, and resources for the real business of Rotary, which is, and always will be, service. By upholding our commitment to our four Avenues of Service, we honor the generations of Rotarians who followed them in the past — and Lead the Way for generations to come.

TRUTH ABOUT THE WORD SHIT

In the 16th and 17th centuries, everything had to be transported by ship and it was also before commercial fertilizer's invention, so large shipments of manure were common.

It was shipped dry, because in dry form it weighed a lot less than when wet, but once water (at sea) hit it, it not only became heavier, but the process of fermentation began again, of which a by-product is methane gas. As the stuff was stored below decks in bundles you can see what could (and did) happen. Methane began to build up below decks and the first time someone came below at night with a lantern, BOOOOM!

Several ships were destroyed in this manner before it was determined just what was happening. After that, the bundles of manure were always stamped with the term "Ship High In Transit" on them which meant for the sailors to stow it high enough off the lower decks so that any water that came into the hold would not touch this volatile cargo and start the production of methane. Thus evolved the term "S.H.I.T," (Ship High In Transport) which has come down through the centuries and is in use to this very day.

You probably did not know the true history of this word. Neither did I.

FREE KIDNEY CARE

Do you know any patient of Kidney failure and does not have the financial ability to secure medical care?

A prominent Saudi business man Ma'an Al Sanea, has donated the cost of 60 kidney transplant operations in a Saudi hospital in Dammam, covering all costs. The hospital until now has received only 4 cases!

If you know a patient who is in need, let them contact the hospital at

Saad Specialist Hospital –
Dammam – AL Khobar
Telephone 00966 3 8826666
Ext. 4444

ALL IN YOUR BLOOD

	BLOOD GROUP O	BLOOD GROUP A	BLOOD GROUP B	BLOOD GROUP AB
IN A NUTSHELL	Cannot stand people who hide the truth	Pessimistic and too sensitive	Cannot take orders easily	Romantic & Sentimental
BASIC BEHAVIOUR	Make objectives clear	Careful about decision making	Make decisions fast	Extremely practical
	Possesses great deal of confidence	Make things clear in black & white	Can be flexible	Excellent in analysis
	Honest, optimistic and energetic	Care too much about social rules & standards	Do not care about rules	Give fair criticisms
	-	-	Respect scientific and practical findings	Cannot decide when it comes to imp issues
TOLERANCE	Strength & endurance depend on their aim	High tolerance for physical or repetitive work	Maintain the longest interest in what they do	Try to be hard working
	Give up easily if they find their job meaningless	Cannot take changes easily	Seem impatient	Tend to be impatient
	-	Lose interest in a hobby easily	Dislike repetitious work	-
HOW THEY SEE THEIR FUTURE & PAST?	Positive about the past, thus does not regret about the past	Try hard to forget the past	Hard to forget recent affairs but able to forget past memories	Sentimental about the past
	Seek financial stability for the future	Pessimistic about the future	-	More concern about the immediate problems than anything else
HOW DO THEY EXPRESS THEIR EMOTIONS?	Usually stable and calm	Able to display cool outlook even though angry	Expressive	Sentimental
	Sensitive towards sincerity	Short-tempered	Cool and objective	Usually cool & steady but can get upset with an imm. unsolved problem
	Give frank, direct opinions	Take longer to heal a broken heart	Although joke a lot, could be very shy	Can get moody easily
	-	Sensitive to others' opinion	Change moods like the weather	-
	-	-	Cannot stop complaining when they are upset	-
HOW DO THEY WORK?	Ability to concentrate vary from time to time, depending on aim	Perfectionist	Creative & possess new ideas	Able to handle a wide scope of jobs
	Mostly prefer to lead	Handle one thing at a time	Cannot differentiate between work & hobby	Value hard work
	Can overlook details	Work a line between work & personal affairs	Cannot take orders	Quick in understanding
	-	Highly responsible	Do not hesitate to introduce innovative ideas & are not worried about criticisms	Not highly responsible & unable to follow-on a project until completion
	-	Tend to choose hobbies which help release stress	-	Tend to be artistic in approach

LAUGHTER THE BEST MEDICINE

1 To find a woman you need Time and Money therefore:

$$\text{Woman} = \text{Time} \times \text{Money}$$

2 "Time is money" so

$$\text{Time} = \text{Money}$$

3 Therefore

$$\text{Woman} = \text{Money} \times \text{Money}$$

$$\text{Woman} = (\text{Money})^2$$

4 "Money is the root of all problems"

$$\text{Money} = \sqrt{\text{Problems}}$$

5 Therefore

$$\text{Woman} = (\sqrt{\text{Problems}})^2$$

$$\text{Woman} = \text{Problems}$$

A+

PRE & POST UTARAN CARE

1. Clean terrace on the 7th of January. If possible visit daily for cleaning the terrace. This way the birds will not get shocked.

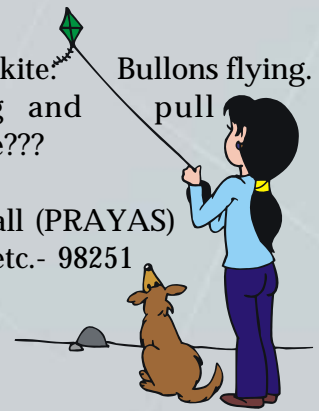

2. Prevent wastage of string: Roll string and put it in waste basket.

3. Pull back and roll string fully once kite is cut.

4. Do not fire crackers.

5. Do not put loud music.

6. Alternate to flying kite: Bullons flying. Take fun in flying and pull ing down the same kite???

7. Least you can do is call (PRAYAS) for any injured bird etc.- 98251 19081

FLOWERS

A new business was opening, and one of the owner's friends sent flowers for the occasion. But when the owner read the card with the flowers, it said, "Rest in Peace."

The owner was a little peeved, and he called the florist to complain.

After he had told the florist about the obvious mistake, the florist said, "Sir, I'm really sorry for the mistake, but rather than getting angry, you should imagine this: Somewhere there is a funeral taking place today, and they have flowers with a note saying, "Congratulations on your new location."
